

People Ops Starter Package

Get Your HR Fundamentals in Place

Things move fast. While hiring your first employees you want to create good processes and choose the right tools.

You have limited time and budget, but care about setting up a positive, healthy culture that empowers people.

We provide a point of view based on experience, along with content and tools that are easy to customize and implement.

The People Ops Starter Package is ideal for busy leaders building people-first teams and cultures. It includes a series of tips, tools, and templates - everything you need to jumpstart your people operations with confidence.

Starter Package Contents (\$3,300)

- Intentional Culture and Values
- Making Diversity, Equity, Inclusion, and Belonging a Priority
- Create Your Employee Handbook
- Best in Class Recruiting
- New Hire Onboarding Experience
- Managing Total Rewards
- Performance Management Practices
- Future People & Culture Roadmap
- Tools + Resources > including 20 customizable templates, benchmarking data, and a workbook to track your progress

Reverb Expert Support (included at no additional cost)

- Work with a dedicated Reverb consultant for up to 5 hours over one month. Your consultant will help you create and finalize your handbook and associated policies. They can also answer your questions and help you customize the tools, processes, and templates for your organization.
- Comes with one free seat to Reverb's Management Training 101: Practical Skills for Great People Leaders (virtual, on demand, self-paced training)
